ENGLISH

Special cleaner for masks, tubes and accessories made from plastic and silicone

## Product description

SomnoSept is a highly effective cleaner specially developed for use on silicone surfaces and with medical-grade plastic.

Extremely economical, its cleaning action is powerful yet gentle for all your CPAP components.

This regular care can also significantly extend the life of your mask.

**Extend the life of your mask.** Cleans your mask without corroding the plastic and silicone surfaces.

**For many hours of skin-friendly contact.** SomnoSept is dermatologically tested and non-hazardous.

**For long-lasting hygiene.** An extremely economical cleaner. Produces 80 full mask cleans per bottle.

## Instructions for use

Ready to discover for yourself?

”What’s important to me is that my cleaner is gentle on my mask.”
