

SomnoSept **NEW**

ENGLISH

CPAP cleaning wipes for gentle cleaning of CPAP mask and face

QUICK: daily mask cleaning is important, but who's got time for that in the morning? SomnoSept cleaning wipes get the job done in 30 seconds flat.

THOROUGH: greasy, dirty CPAP masks can slip and affect how well your therapy works. The viscose in the wipes absorbs dirt thoroughly, rather than just moving it around. Your mask fits perfectly, you sleep comfortably, and wake up full of energy.

GENTLE ON SKIN: dermatologically tested and odour-free, these gentle SomnoSept wipes ensure a good night's sleep without skin irritation or allergies.

**Try them out and
experience the benefits for yourself!**

Use: for the daily cleaning of CPAP mask and face. Reliably remove dirt, grease, oils and other organic residue. Ideal for travelling.

Ingredients: water, glycerin, camomile flower extract, aloe vera leaf extract, tocopheryl acetate, hydrated castor oil, polyaminopropyl biguanide (20%), 2-phenoxyethanol, ethylhexylglycerin.
